The Year of Expansion

by L. RON HUBBARD

Hello.

I want to let you in on what's going on.

For some time now, big plans and actions for 1980 have been going forward swiftly. The preliminary work is completed and rapid execution is already occurring. Big things are in progress.

THE SOCIAL ORDER

You may have noticed that society is rapidly going downhill. Inflation, lack of fuel and even war cast deep shadows over the world. And the most serious part of this is that drugs, both medical and street drugs, have disabled a majority of those who could have handled it, including the political leaders, and have even paralyzed the coming generations.

Without us, these societies have passed the point of no return.

It is up to us to bail ourselves out and rise above this scene and get the show on the road.

And many people are doing many things right this minute to accomplish this.

MANAGEMENT OVERHAUL

Increased activity requires increased management.

Positioned above existing Flag Management orgs, a new Executive Strata is being formed on Flag called the International Management Committee. These executives are individually responsible for each of the standard functions which make organizations really operate and expand.

The Guardian Office has achieved the support of two new management committees: the Controllor Committee

and the Guardian Committee, formed to assist the Controllor and Guardian.

None of this reorganization changes any existing terminals, lines or issues. It just makes certain the job gets done expertly and smoothly and that full management does occur.

The Flag Operations Liaison Offices on every continent are getting full attention and back-up.

At org level, the new post of Service Product Officer is going in smoothly to make sure that good and plentiful service occurs.

NEW QUARTERS

Many orgs have obtained new and larger quarters. And those who have not yet done so are being pushed up.

The property holdings of C of S over the world have more than quadrupled in recent months.

NEW ORGANIZATIONS

The Scientology Missions International (SMI) is being launched to start new churches in major cities of the world. Based at Worldwide, SMI is just now gearing up. This does not change the existing Mission Network over the world or individual missions at this time. But it certainly expands the number of churches. The public demand is there and is being met.

ORG HANDLINGS

The top most management of the Church is right this minute engaged in overhauling and polishing up every org in the world, one by one, with special missions. In the near future, every org in the U.S. will have been done. Then every non-U.S. org will be begun upon.

Incredible results have been occurring as a result of these handlings. The public has been enormously enthusiastic about the bettered service and org improvements.

THE AMNESTY

Some years ago all ethics handlings were turned over to orgs for their own determinism. Approval of such handlings was no longer required of an International Justice Chief. This did not work out. Heavy and often unjust actions were taken locally which disrupted orgs.

To handle this, LRH EDs 305R and 305-1 were issued. These granted an amnesty to anyone who was ever in an org or in Scientology. There has been a huge response from all over the world on this and ex-staff and many public have gotten back on lines. A new International Justice Chief has been appointed and any intended heavy justice actions have to be approved by him after his investigation before they can be done. This is a welcome protection to staff and public.

ORG WELFARE

A great deal of planning and care are going into staff welfare. The goal is to make orgs far more attractive to work in and obtain service from.

Inflation outstripped org prices by 10X and it became almost impossible to deliver books or services. This also reduced service quality. But more than that, the staffs themselves became penalized with low pay. Orgs are gradually catching up with this. And now there is a new staff pay system going in which will eventually increase org pay to a viable range.

Get ready for the Year of Expansion with Saint Hill Training!

Gain a broad, sweeping view of auditing technology on the Saint Hill Special Briefing Course

In a troubled world, expand your capacity for handling life. Learn *why* auditing technology works and *how* it has developed.

The Saint Hill Special Briefing Course is like an adventurous climb to a commanding mountain lookout. With every step upwards, the view expands. You increase your capacity to use Ron's data about life to handle the situations you encounter in our present, disturbed society.

As you mount higher, you see more! You see how the knowledge and skills you've gained on the New Era Dianetics Course and any Scientology training you've done, all fit into place within the development of Dianetics and Scientology from the early days to its present perfection.

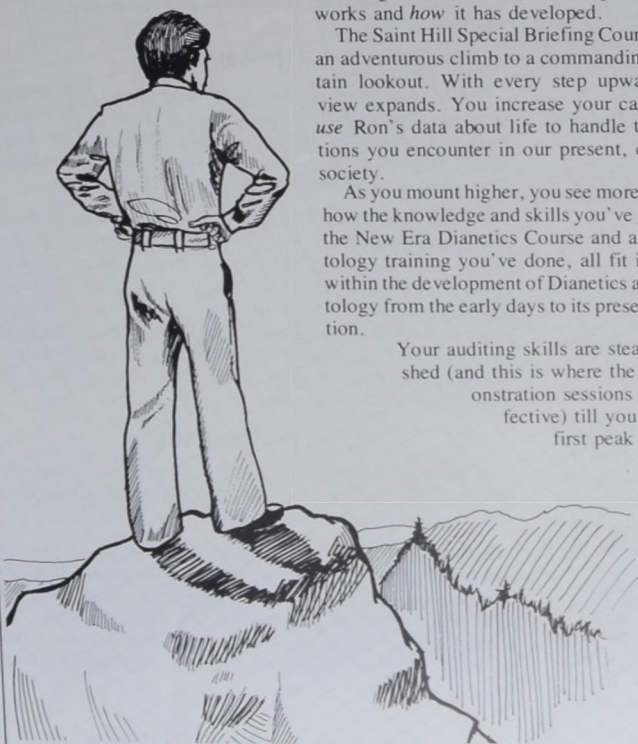

Your auditing skills are steadily polished (and this is where the TV demonstration sessions are so effective) till you reach the first peak and stand

proudly as a Class V Auditor.

Now you're equipped to climb to the level of Class VI on the Senior Saint Hill Special Briefing Course. Here you gain expertise in the various major actions and rundowns released since 1966.

From the top, the overall view of auditing technology is superb. How far you've come. And what an expansion of auditing confidence and competence this represents. This skill and confidence is yours — not only in auditing sessions, but also for your personal expansion in the handling of life.

The present society is crumbling. Act now. Ask about the New Training Scholarships! Write immediately to the Advanced Scheduling Registrar, (Saint Hill addresses) and give her your starting date. With continuing inflation, you are far better off to make your donation now for this course!

There are also plans in the making for 1980 to make it possible for org staffs to get on up the Bridge.

All this will result in far better in-tech service for the public all the way.

We did not cause inflation but inflation very nearly put an end to books, orgs and staffs! And so management was forced by circumstances to handle it and now it is coming right and books, orgs and staffs can go on.

Factually, because training and processing results are enormously faster today, training and processing are actually, by result, cheaper! They more than made up in speed what they increased in cost.

POPULARITY

Public book sales are booming. That is always the top indicator of popularity increase.

The book *WHAT IS SCIENTOLOGY?* is showing the public what Scientology is all about and avalanches of success stories show that people are using it in their lives.

Department 17 public services are being well attended where available. Org book seminars are doing well. The HAS Co-Audit and Group Processing remain popular and now new Department 17 services are being put together and will soon be made available to the public.

All indicators show increased public interest. (How depressing this must be to suppressive persons and groups.)

TECH

The tech gains of 1978, as covered in *RON'S JOURNAL 30*, continue to roar on. New Volume XI of the HCOB Volumes, which updates all those books and covers the popular New Era Dianetics and Dianetic Clear Rundowns has been a best seller since its recent release.

The numbers of Dianetic Clears continue to soar. The Dianetic Clear Special Intensive is POPULAR!

At Flag and Advanced Org level, NED for OTs is the talk of the world. The main problem there is getting people up the Bridge through OT I, II and III fast enough.

All other areas of tech continue in popularity as well.

New Mark VI E-Meters are at last coming off the line in

quantity and are in great demand.

Great efforts are being made at management level to ensure that tech stays IN and that any out-tech gets handled quickly.

After all, Dianetics and Scientology will only go as far as they work. And they ARE working. And management is making sure they continue to do so.

NEW TECH

1978 had no monopoly on new tech.

There are several bright new tech advances in the research or compilation stage which will be released in due course.

One, just now released, Debug Tech, by which one can unstuck a production cycle, is proving very popular as a course with people coming to Flag where it was released. It will soon be available in orgs.

The big news on new tech is a new organization to export it. This is the New World Corps. It is now set up as an org in its own right at Cedars in Los Angeles. It is servicing key execs with advanced rundowns. A branch of it is being established at Flag and very soon units from it will be established in Continental FOLOs. From there it will be exporting these into orgs for org staffs and then public. This is a vast activity you will be hearing more and more about in 1980.

So not only is there plenty of new tech rolling out, there is also an organization to export it!

And even better news, none of it invalidates the tech already out. It's all bright new stars in the sky.

DRUGS

Recent research has demonstrated that the single most destructive element in these societies today is drugs.

Drugs retard or prevent case gain. In the presence of a heavy drug history, any case gain is minimal and temporary. Unless drugs are handled first.

But how widespread are these drugs? It turns out that medical and psychiatric drugs are every bit as dynamite to case gain as street drugs!

Some of these drugs, such as LSD, are pretty deadly. And are supposed to cause brain and nerve damage.

So here was the Big Roadblock to getting a show on the road. Even school kids have been shoved onto drugs. And children of druggie mothers are even born as druggies!

So here we were trying to help people move up and drugs were holding them down.

I've been doing some concentrated research on this for the last couple of years. The first thing I discovered was that LSD stayed in the body and could release in slight amounts a long time after someone was "off it" and cause "trips". I found it remained in the fatty tissue of the body. (And the medics, two years later were bright enough to read the original bulletins I wrote and now confirm it.)

More recently I found that many other drugs, medical and street, likewise remain in the body. Including marijuana. None of these drugs are innocent. And marijuana, so favored by college students who are supposed to be getting bright today so they can be the executives tomorrow, causes brain atrophy!

Well, all this looked pretty grim. The new barricade. But I kept on and finally, right this minute, the pilot projects are just completing on what will probably be called "The Purification Rundown". It apparently gets rid of the whole lot!

And good news! There is now no reason to write off druggies as having brains too damaged to recover.

So we can start at the bottom with this society and away we go.

THE FUTURE

There is a great deal going on and a very great many very fine people working to create a better future for Scientology, for orgs and for everyone.

But much of that is in the future. So does one simply wait? Or is there something one can do right now?

There is: Decide to flourish and prosper! And then Flourish and Prosper!

There is no more deadly way to get even with a suppressive or an antagonistic person or a downgrading society than by flourishing and prospering.

All a suppressive person or society is trying to do is prevent one from flourishing and prospering.

Of course, one has to handle threats or attacks. But don't get stuck in on them. One handles them but puts his main attention on doing things that will make one and the group flourish and prosper.

One cannot simply vanish in life, one cannot just become a nothingness. And the wrong way to handle suppression is to be low key and hope one isn't noticed. That is simply agreement with the suppressive person or society.

Attempts at suppression are totally defeated in the long run simply by Flourishing and Prospering!

The ammunition in such a battle is effective beingness and for us, effective promotion, books, excellent results and satisfied people. Use what you have. The very best way to flourish and prosper is to sell and get out the good products.

Now, while reading this if it has occurred to you that if you did, the suppressives would simply attack harder or that you had better be careful, then could I point out that people who have that reservation are a bit or a great deal under suppression. And that they need to locate and handle it with what is called "PTS Tech" available in any org. It is a certain indicator that if one has reservations about being able to Flourish and Prosper he needs to unsuppress himself!

So there is the ultimate victory over any suppressive group or society. Not to do them in — as they are very busy doing themselves in — but only handle enough to hold them off until one day we get to them with proper rundowns.

The ultimate weapon is to Flourish and Prosper.

So do so.

Love,

RON
